

QDialog

FORM_CLASS

DsgTools.UserTools.profile
UserManager.ProfileUserManager

```
graph BT; Base["DsgTools.UserTools.profile  
UserManager.ProfileUserManager"] --> QDialog; Base --> FORM_CLASS;
```

The diagram illustrates a class hierarchy. At the bottom is a gray rectangular box containing the text "DsgTools.UserTools.profile" and "UserManager.ProfileUserManager". Two blue arrows originate from the top edge of this box. One arrow points diagonally up and to the left to a white rectangular box labeled "QDialog". The other arrow points diagonally up and to the right to a white rectangular box labeled "FORM_CLASS".
