

QDialog

FORM\_CLASS

DsgTools.UserTools.manage  
ServerUsers.ManageServerUsers

```
graph BT; Base["DsgTools.UserTools.manage<br/>ServerUsers.ManageServerUsers"] --> QDialog; Base --> FORM_CLASS;
```

The diagram illustrates a class hierarchy. At the bottom is a gray rectangular box representing the base class, containing the text "DsgTools.UserTools.manage" and "ServerUsers.ManageServerUsers". Two blue arrows point upwards from this base class box to two white rectangular boxes above it. The left box is labeled "QDialog" and the right box is labeled "FORM\_CLASS", indicating that both are derived from the base class.
